HEALTH CENTER

Welcome to Our New School-Based Health Centers!

A School-Based Health Center (SBHC) is a clinic located within the school system, and we partnered with **Mankato Area Public Schools** to open two SBHCs in the district.

Example Available Services

- Sports physicals
- Wellness exams
- Vaccinations
- Acute illnesses
- Minor injuries

Starting tomorrow, September 17, both locations will open twice a month on alternating weeks.

A licensed medical provider will staff each location during operating hours to offer healthcare services to MAPS students, staff, and their families.

Most insurance plans are accepted.
Sliding fee based on household size and income is available to uninsured and underinsured.
No one is turned away based on inability to pay.
